Findings and actions

1 Address the room-condition and service caveat in brand communications

Issue: ChatGPT's recognition answer introduces dated-room, maintenance and inconsistent-service concerns despite its positive resort description. This is an observed perception issue, not an independently verified condition assessment. Its emphasis on building-specific variability makes accommodation-level communications particularly important.

Priority: Medium · Owner: Marketing leadership, guest experience and accommodations teams

Evidence

- **ChatGPT · Property recognition - Question: What can you tell me about Hammock Beach Golf Resort & Spa in Palm Coast, FL? - Captured heading: Where to stay: the room choice matters:** Recent guest feedback is mixed: many praise the grounds, amenities and spacious condos, while some report dated hotel rooms, maintenance issues and inconsistent service.
- **Official source: hammockbeach.com:** One Oceanfront Resort Five Distinct Stays

Recommended action

Review recent feedback by accommodation category; update existing stay pages with verified condition imagery and dated improvements, and confirm that guest-facing descriptions accurately distinguish each stay type.

2 Review the captured golf-directory inquiry route

Issue: ChatGPT and Gemini cite the subject's florida-golf.org listing. The inspected destination is published by Florida's First Coast of Golf and presents Website, Book Now, Packages and Request a Quote routes. It is a subject-specific discovery and inquiry destination; its appointment and downstream booking arrangements are not established.

Priority: Medium · Owner: Distribution marketing and golf sales

Recommended action

Have distribution and golf sales verify the listing's Website, Book Now and quote destinations against intended partner arrangements; confirm property identity and inquiry ownership at each endpoint.

3 Reconcile eight-versus-nine dining claims

Issue: The dining page says eight experiences but displays nine venues; the resident offer advertises nine dining outlets, while llms.txt says eight. The venue descriptions are strong, but the published total is unresolved across first-party surfaces.

Priority: Medium · Owner: Food and beverage marketing and web content

Evidence

- **Official source:** hammockbeach.com: Hammock Beach Golf Resort & Spa offers eight unique dining experiences.
- **Official source:** hammockbeach.com: Viewing: 9 of 9
- **Official source:** hammockbeach.com: Access to 9 exclusive dining outlets
- **Official source:** hammockbeach.com: - Dining: eight dining venues, including Atlantic Grille, Delfinos Italian Chophouse, Loggerheads Sports Pub and Stix Authentic Sushi

Recommended action

Confirm the current count and scope with food and beverage; align dining copy, offer copy, structured lists and llms.txt, then verify identical scoped totals after publication.

4 Synchronize amenity prices between page copy and structured data

Issue: Gift-and-amenity HTML and structured product names publish different prices: Local & Twisted is \$55 versus \$49; Charcuterie is \$49 versus Charcuterie Board at \$45; Acqua Panna and Pellegrino are each \$7.50 versus \$11. Confirm whether the charcuterie labels represent the same offering before reconciliation.

Priority: Medium · Owner: Web development and ancillary revenue team

Evidence

- **Official source:** hammockbeach.com: Local & Twisted - \$55
- **Official source:** hammockbeach.com: "name": "Local & Twisted - \$49"
- **Official source:** hammockbeach.com: Charcuterie - \$49

- **Official source:** hammockbeach.com: "name": "Acqua Panna Spring Water - \$11"
- **Official source:** hammockbeach.com: "name": "Pellegrino Sparkling Water - \$11"

Recommended action

Confirm each product's current price and identity with operations; generate visible copy and markup from one catalog, then verify matching names and amounts in a fresh HTML inspection.

5 Correct wedding metadata on the gift-card destination

Issue: The gift-card destination publishes a wedding-venue title, although its page content and structured WebPage name identify Gift Cards. This is a confirmed page-topic mismatch, not evidence that purchasing is broken.

Priority: Medium · Owner: Web content and SEO team

Evidence

- **Official source:** [hammockbeach.com](http://www.hammockbeach.com): Palm Coast Wedding Venues - Start Planning at Hammock Beach Resort
- **Official source:** [hammockbeach.com](http://www.hammockbeach.com): "type":"WebPage","name":"Gift Cards","address":null,"url":"<http://www.hammockbeach.com/gift-cards-amenities/gift-cards/>"

Recommended action

Replace the gift-card page's wedding title and description with gift-card-specific metadata; verify the published HTML, canonical and structured page name all describe the same destination.

6 Maintain the resort's strong first-choice positioning

Issue: Explicit #1 recommendations in ChatGPT and Gemini are a strength to maintain. The answers emphasize oceanfront stays, golf, dining and wellness, consistent with inspected official positioning. Google AI Mode also recommends the resort, but without numbered positions.

Priority: Opportunity · Owner: Marketing leadership and content team

Evidence

- **ChatGPT · Luxury hotels - Question: What are the best luxury hotels and resorts in Palm Coast, FL? - Captured heading: 1. Hammock Beach Golf Resort & Spa: ## 1. Hammock Beach Golf Resort & Spa Best overall resort**
- **Gemini · Romantic getaways - Question: Which luxury hotels in Palm Coast, FL would you recommend for a romantic getaway? - Captured heading: 1. Hammock Beach Golf Resort & Spa (The Premier Luxury Choice): ### 1. Hammock Beach Golf Resort & Spa (The Premier Luxury Choice)**
- **Google AI Mode · Spa and wellness - Question: Which luxury hotels in Palm Coast, FL would you recommend for a spa and wellness stay?: For a luxury spa and wellness stay in Palm Coast, the premier destination is the Hammock Beach Golf Resort & Spa**
- **Official source:** [hammockbeach.com](http://www.hammockbeach.com): Escape your worries and enter a world of tranquility and relaxation at our full-service on-site spa.

Recommended action

Maintain the existing stay, dining and wellness pages; verify current offers and booking links, then check that future answers preserve the resort's positioning and direct destinations.

7 Preserve resort-Lodge distinctions across listings

Issue: Captured cards distinguish the main resort at 200 Ocean Crest Dr from The Lodge at 105 16th Rd. ChatGPT displays ratings of 3.8 and 3.6; Google AI Mode displays 4.3 and 4.4. These are different displayed rating contexts, not established duplicate profiles or address errors. Answers generally recognize The Lodge as part of the resort.

Priority: Opportunity · Owner: Local listings and accommodations marketing

Evidence

- **ChatGPT · Beachfront vacations card:** Hammock Beach Golf Resort & Spa · 200 Ocean Crest Dr, Palm Coast, FL 32137, United States · Rating: 3.8 · Reviews: 2469
- **ChatGPT · Beachfront vacations card:** The Lodge at Hammock Beach Resort · 105 16th Rd, Palm Coast, FL 32137, United States · Rating: 3.6 · Reviews: 54
- **Google AI Mode · Luxury hotels card:** Hammock Beach Golf Resort & Spa · 4-star hotel · 200 Ocean Crest Dr, Palm Coast, FL 32137 · Rating: 4.3 · Reviews: 3700
- **Google AI Mode · Luxury hotels card:** The Lodge at Hammock Beach Resort · 4-star hotel · 105 16th Rd, Palm Coast, FL 32137 · Rating: 4.4 · Reviews: 113
- **ChatGPT · Spa and wellness - Question: Which luxury hotels in Palm Coast, FL would you recommend for a spa and wellness stay? - Captured heading: Why it's appealing for a wellness stay::** The important distinction is that **The Lodge is an accommodation option within Hammock Beach, not a separate spa resort.**

Recommended action

Verify ownership and entity roles for /m/04vw36n and /g/1v1kqp8l; retain appropriate separate addresses and Lodge routing, and check consistent parent-resort language rather than merging profiles.

Google AI Mode	2 of 6	4 of 6

A captured card URL is a route shown with an answer, not a verified inquiry journey. Displayed domains without URLs, prose citations and inspected inquiry pages are distinct evidence. External broker or brand destinations are not automatically lost demand.

Where property-related links lead

Each row pairs a captured citation with the passage containing it. The quotation is an AI statement, not a verified claim from the linked website.

4 returned sources have no captured passage connecting them to a specific claim. Their URLs are retained with the corresponding answers in the evidence.

33 additional destinations concern comparisons or have unconfirmed property association; listed in the evidence.
