Findings and actions

1 Convert established wellness recognition into local recommendations

Issue: ChatGPT and Gemini omit The Oxford from their spa-and-wellness recommendations, despite inspected official coverage of massages, facials, body treatments, fitness and Hydrate IV Bar. Gemini even displays an Oxford spa-and-gym card without recommending it in the narrative. Google AI Mode recognizes the wellness offering, showing a discovery opportunity rather than missing facilities.

Recommended action

Review existing spa and wellness-package pages; strengthen hotel-stay connections, treatment details and appointment links. Verify that refreshed summaries distinguish paid treatments from guest benefits and answer the collected wellness question.

2 Strengthen historic-luxury and LoDo discovery

Issue: ChatGPT and Gemini omit The Oxford from attraction-access answers; Gemini and Google AI Mode also omit it from general luxury lists. ChatGPT places it at #8 for luxury. Official content supports historic luxury and LoDo walkability, while Google AI Mode's attraction answer recognizes those strengths. This sample exposes inconsistent category discovery, not an identity failure.

Priority: High · Owner: Hotel marketing, content and public relations

Evidence

- **ChatGPT · Location and attractions - Question: Which luxury hotels and resorts in Denver, CO would you recommend for easy access to local attractions? - Captured heading: Explore Denver's luxury hotel locations:** Union Station and LoDo Best hotel bases: The Crawford Hotel and Thompson Denver. Enjoy historic

architecture, restaurants, breweries, shopping, and access to the airport rail line. Coors Field and the South Platte River area are also convenient from this district.

- **Gemini · Location and attractions - Question: Which luxury hotels and resorts in Denver, CO would you recommend for easy access to local attractions? - Captured heading: Recommendation Summary::** Choose **The Rally Hotel** or **The Source Hotel** if you want a trendy boutique atmosphere with immediate access to Denver's best dining, arts, and nightlife districts.

- **Google AI Mode · Location and attractions - Question: Which luxury hotels and resorts in Denver, CO would you recommend for easy access to local attractions? - Captured heading: Location & Access::** Located in lower downtown (LoDo) right next to [Denver Union Station](#).

Recommended action

Review existing location, history and best-for pages; connect verified Union Station access, LoDo walkability and luxury credentials in concise summaries. Check refreshed directory descriptions against those same positioning points.

3 Make the hotel-dining relationship explicit

Issue: ChatGPT's dining answer labels Urban Farmer "near The Oxford Hotel" and only "associated with" it; Google AI Mode explicitly presents it as on-site. Gemini omits Oxford entirely. Official hotel content names Urban Farmer and The Cruise Room as Oxford dining experiences. The weaker ChatGPT wording blurs the hotel-restaurant relationship for an expressly on-site question.

Priority: Medium · Owner: Food-and-beverage marketing and hotel web team

Evidence

- **ChatGPT · Hotel dining - Question: Which luxury hotels in Denver, CO have the best on-site dining experiences? - Captured heading: 6. Urban Farmer Denver - near The Oxford Hotel: ## 6. Urban Farmer Denver - near The Oxford Hotel LoDo, near Union Station · Farm-to-table steakhouse**
- **ChatGPT · Hotel dining - Question: Which luxury hotels in Denver, CO have the best on-site dining experiences? - Captured heading: 6. Urban Farmer Denver - near The Oxford Hotel: It's associated with The Oxford, a landmark luxury hotel known for its historic character.**
- **Google AI Mode · Hotel dining - Question: Which luxury hotels in Denver, CO have the best on-site dining experiences? - Captured heading: On-Site Dining:: On-Site Dining: Urban Farmer Denver The Experience:*** Housed inside Denver's iconic historic luxury hotel near Union Station
- **Official source: theoxfordhotel.com:** From a Prohibition-era cocktail bar to a rustic-chic steakhouse, The Oxford Hotel has something to satisfy all of your cravings. Stop by the iconic Cruise Room to sample one of our famous martinis or treat yourself to a hearty and locally-sourced meal at Urban Farmer.

- **Gemini · Hotel dining - Question: Which luxury hotels in Denver, CO have the best on-site dining experiences? - Captured heading: 5. Halcyon, a hotel in Cherry Creek (Cherry Creek North): ### 5. Halcyon, a hotel in Cherry Creek (Cherry Creek North) The Vibe:*** A residential-style boutique luxury hotel in Denver's premier upscale shopping and dining neighborhood.
- **Official source: [theoxfordhotel.com](https://www.theoxfordhotel.com):** Restaurant - Urban Farmer - <https://www.theoxfordhotel.com/eat-drink/urban-farmer>

Recommended action

Review existing Urban Farmer and Cruise Room pages; state their hotel relationship and reservation routes consistently with Restaurant and BarOrPub markup. Verify that hotel and venue summaries use matching location language.

4 Clarify published telephone roles

Issue: The contact page labels (303) 628-5400 as Main and (866) 298-9549 as Reservations, while its footer labels 1-833-524-0368 as Main and the header offers that number for booking. Multiple valid numbers may serve different routes, but the published Main labels disagree. Their intended operational roles are not established by the inspected content.

Priority: Medium · Owner: Reservations leadership and hotel web team

Evidence

- **Official source: [theoxfordhotel.com](https://www.theoxfordhotel.com):** Telephone Main: (303) 628-5400 Reservations: (866) 298-9549 Group, Meeting, and Event Sales: (303) 628-5555
- **Official source: [theoxfordhotel.com](https://www.theoxfordhotel.com):** 1600 17th St Denver CO 80202, United States Main: 1-833-524-0368
- **Official source: [theoxfordhotel.com](https://www.theoxfordhotel.com):** Promo Code or call 1-833-524-0368

Recommended action

Confirm each number's routing with reservations; standardize Main and Reservations labels across headers, footers and contact content. Test each published number and verify labels match the answering team's role.

5 Align spa entity references across wellness pages

Issue: The Hydrate IV page publishes a DaySpa entity URL at /spa-salon/the-oxford-club-spa, whereas the inspected club page publishes /club-spa. Hydrate content correctly belongs to The Oxford Club and Spa, but the entity reference uses a different path. The older destination's behavior was not tested; this is an unresolved structured-data association, not a broken-link finding.

Priority: Medium · Owner: Web development and spa marketing

Evidence

- **Official source: [theoxfordhotel.com](https://www.theoxfordhotel.com):** DaySpa - The Oxford Club Spa - 1616 17th St, Denver, CO, 80202, US - <https://www.theoxfordhotel.com/spa-salon/the-oxford-club-spa>
- **Official source: [theoxfordhotel.com](https://www.theoxfordhotel.com):** DaySpa - The Oxford Club, Spa & Salon - 1616 17th Street, Denver, CO, 80202, US - <https://www.theoxfordhotel.com/club-spa>

- **Official source:** theoxfordhotel.com: The Oxford Club and Spa has added Hydrate IV Bar to our family of therapeutic services.

Recommended action

Verify the preferred spa entity URL and the older path's response; align DaySpa references while retaining hotel-versus-spa address roles. Reinspect both wellness pages to confirm consistent entity URLs.

Carry suite and cocktail strengths into romantic discovery

Issue: Gemini recognizes The Oxford directly but omits it from romantic recommendations, favoring Brown Palace, Ramble, Ritz-Carlton and Source. ChatGPT recommends Oxford at #5, and Google AI Mode highlights its intimate scale, Cruise Room and spa. Inspected suite content supports soaking tubs and separate sitting areas, giving the team concrete romantic-positioning assets to reinforce.

Priority: Opportunity · Owner: Hotel marketing and partnerships

Evidence

- **Gemini · Romantic getaways - Question: Which luxury hotels in Denver, CO would you recommend for a romantic getaway? - Captured heading: Recommendation Summary::** Choose **The Brown Palace** if you want classic, historic romance and high tea. Choose The Ramble Hotel if you prefer a moody, artistic, cocktail-forward boutique vibe. Choose **The Ritz-Carlton** if you want traditional five-star polish and an indulgent spa weekend.
- **ChatGPT · Romantic getaways - Question: Which luxury hotels in Denver, CO would you recommend for a romantic getaway? - Captured heading: 5. The Oxford Hotel: ## 5. The Oxford Hotel Best for intimate, historic charm**
- **Google AI Mode · Romantic getaways - Question: Which luxury hotels in Denver, CO would you recommend for a romantic getaway? - Captured heading: Why it's romantic::** Couples love the complimentary evening bourbon tasting in the lobby, the cozy and iconic art-deco **Cruise Room** (Denver's first post-Prohibition bar), and a tranquil on-site spa.
- **Official source: theoxfordhotel.com:** The Presidential Suite is our largest suite and features a sprawling Victorian-inspired living space, separate sitting room with a sleeper sofa, and decorative fireplaces. The two full-sized, ensuite bathrooms include an independent shower, dual sinks, and a claw foot soaking tub.

Recommended action

Review the existing date-night page and suite descriptions; connect verified soaking-tub, sitting-room, Cruise Room and spa features to romantic stays. Validate consistent room-category claims across hotel and partner summaries.

Scope and method

One collected observation per prompt and answer system; repeatability and long-term performance were not measured. The headline uses every completed local answer in the fixed question set. Question fit has not been retrospectively inferred from omissions.

Captured answer timestamps: 2026-10-10T19:16:23.248Z to 2026-10-10T19:17:13.351Z. This range is not the full report runtime. Locale: US. Returned model labels: Exact versions not retained. Session/personalization controls were not independently verified.

Website: 10 of 10 sampled pages inspected at 2026-10-10T19:15:44.788Z. Uninspected content is unverified, not absent. The assigned team should verify each correction against its cited source, then repeat the same relevant questions to assess persistence. Repeating does not establish causation.
